

- **Mechanical Spring System Solution.**  
By pulling the handle, the built in spring system sources the required force to apply the stroking pressure.
- **Adjustable stroking pressure level.**  
The stroking power could be adjusted from the screw system located on the top of the machine.
- **Interchangeable dies.**  
Up to # 5.5 (18.2 mm). All Compass dies are compatible to all Compass machines.
- **Adjustable height.**
- **Bench mounted or free standing.**
- **Suitable for applications on various materials.**  
Vinyl, corrugated plastic, other plastics, fabric, poster board and many other substrates.
- **Heavy duty durable machine.**  
Lasts for years.
- **One year Compass warranty**
